Dear Shooter,

You are probably receiving this letter because you own a long barrel pistol. The ATSC are investigating the **possibility** of allowing competitors with long barrelled pistols to compete alongside the air pistols in the ISSF events at our Open Meeting. The competition would be the same course of fire, shot in the spirit of the ISSF events.

Most of the current slots for the ISSF competitions are organised for Melville Range, which will therefore require that you are in possession of a Shooter Certification Card from the NRA. The Saturday morning events however, are planned for the Lord Roberts Centre 25 metre range, which does not require the Certification Cards. Should there be sufficient interest in the event, it may be possible to amend our range bookings at the Lord Roberts Centre.

For this to happen, we need to gauge the level of potential interest from you, the shooters. We would therefore ask you to respond, both to the person who sent you this letter and to myself at the email address above, with your **potential intent** to enter the ISSF events at the Open Meeting. Of course, we cannot hold you to your intent to enter, but it might go a long way to influencing us to amend our plans for the Meeting. Should you have any questions, it may well be quicker to get an immediate response from me by calling me on either of the phone numbers at the head of this letter. Please feel free to do so at any time.

I look forward to hearing from you all in the near future with your Open Meeting entries and to seeing you all at Bisley.

Yours Sincerely

A White
Chairman ATSC(TP)
